## ABOUT THE EVENT

After a most successful “prima” in Rome in 2022, the second Italian Arbitration Day-IAD will be held in Milan, the city of “La Scala”, on 4 July 2023.

The IAD will explore the notion of fairness and its relevance to international arbitration.

Stellar international practitioners will discuss the procedural and substantive implications of this pervasive concept and its relationship with equally fundamental notions, such as justice and equity.

Participants will be able to contribute ideas, experiences, anecdotes and war stories on the foundational principle of a legitimate dispute resolution process. Join us in Milan for a memorable event!
